

Redefining Luxury.

PREMIUM UPVC WINDOWS, DOORS &
VILLA SOLUTIONS

VILLA 24

ABOUT US

Architectural Precision. Engineered Performance.

At SCA uPVC, we believe that every space deserves the perfect balance of form and function. As Sri Chowdeshwari Associates, our legacy is built on delivering world-class uPVC profiles designed for modern living. We specialize in premium, ultra-modern fenestration solutions that seamlessly blend German-engineered durability with uncompromising aesthetic elegance.

Our commitment to excellence ensures that every installation not only enhances the visual appeal of luxury villas and modern homes but also provides unparalleled structural integrity and environmental sustainability.

DESIGN FOCUS

Minimalist frames engineered for expansive views and maximal natural light.

PRECISION SEALING

Advanced acoustic and weather-resistant seals for ultimate indoor comfort.

PREMIUM FINISHES

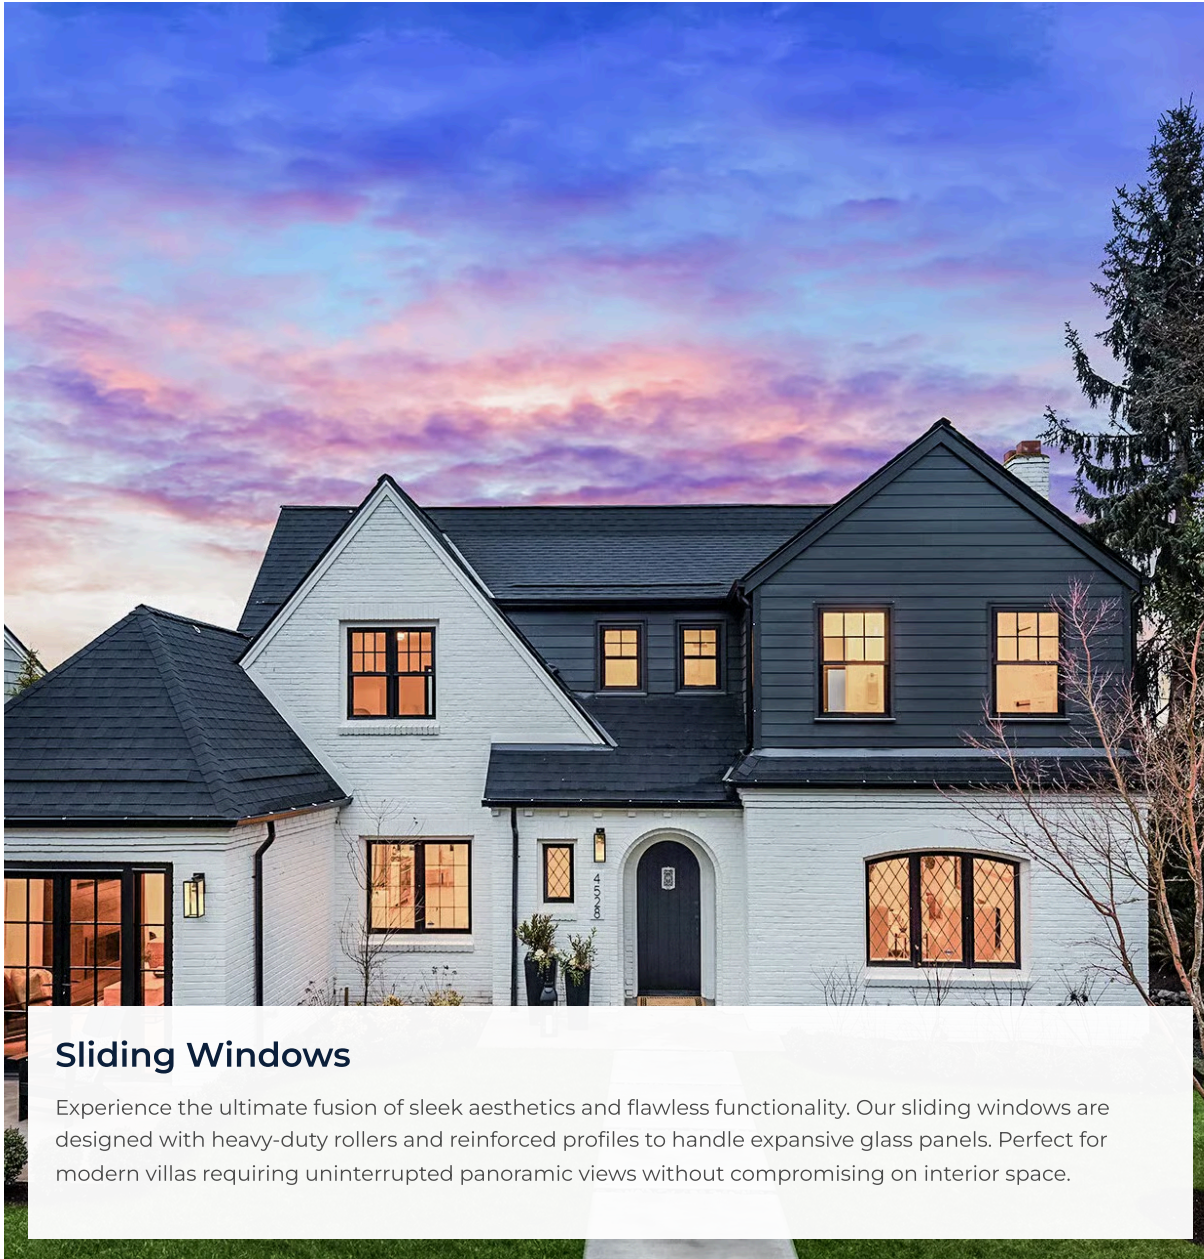

A curated selection of luxury textures and colors to match any architectural vision.

TAILORED SUPPORT

End-to-end expert installation and dedicated post-installation consultation.

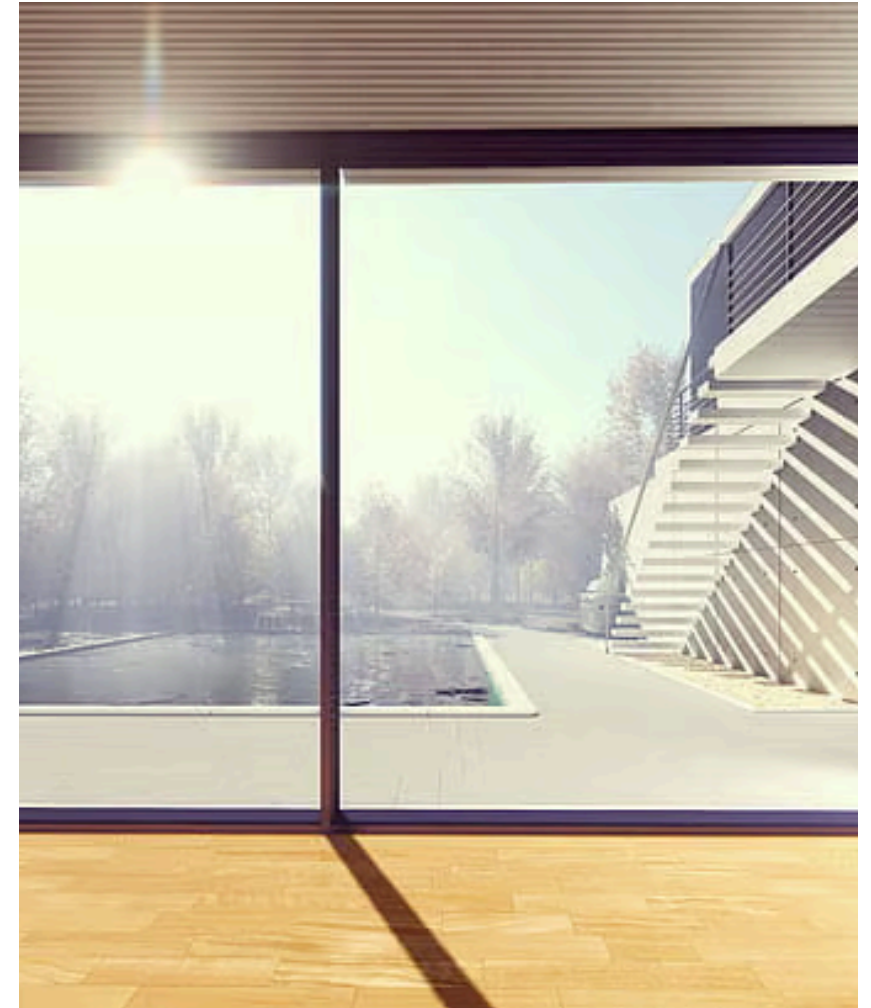

Signature Windows

Sliding Windows

Experience the ultimate fusion of sleek aesthetics and flawless functionality. Our sliding windows are designed with heavy-duty rollers and reinforced profiles to handle expansive glass panels. Perfect for modern villas requiring uninterrupted panoramic views without compromising on interior space.

CASEMENT WINDOWS

Classic elegance elevated by modern engineering. Featuring robust multi-point locking systems and dual weather seals, our casement windows provide superior thermal insulation and draft-free living environments.

Doors & Villa Installations

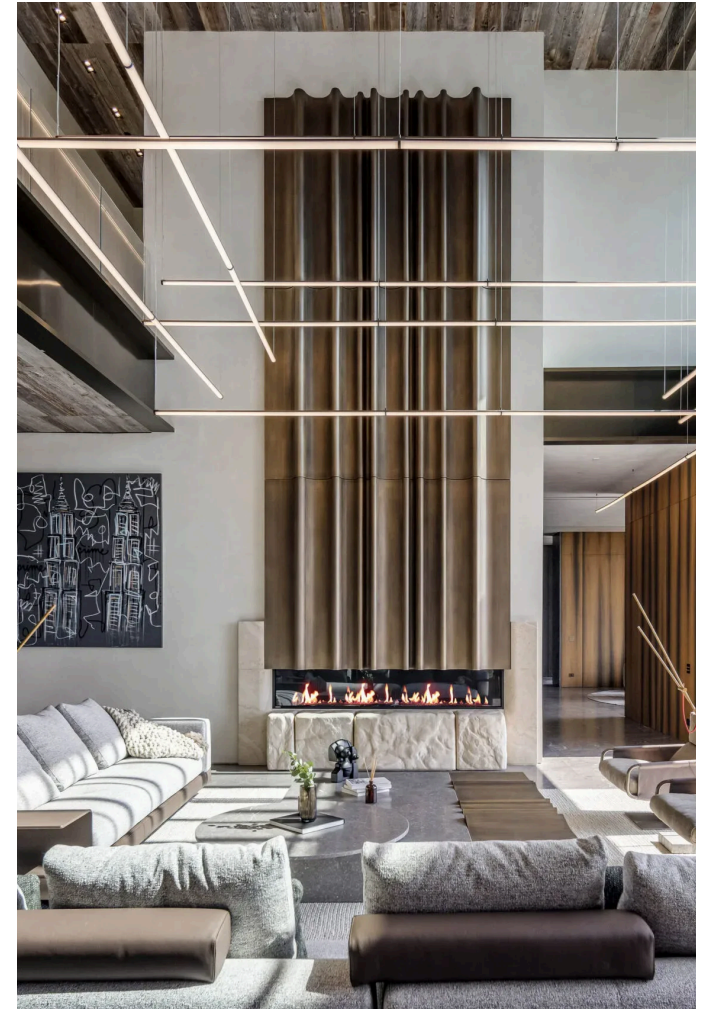

SLIDING DOORS

Transform your living spaces with smooth, silent, and secure sliding door systems. Engineered for wide structural openings to seamlessly connect your luxurious interiors with outdoor patios.

OPENABLE DOORS

Make a grand entrance. Our openable uPVC doors offer exceptional structural rigidity, deep architectural profiles, and premium hardware designed for sophisticated residential spaces.

VILLA INSTALLATIONS

Bespoke architectural solutions. We tailor our high-end profile systems to match unique villa elevations, delivering custom-sized structural glazing and towering door frames.

Signature Finishes

Our premium uPVC profiles are available in a sophisticated palette of architectural colors and highly realistic woodgrain laminates. Each finish is engineered to resist UV fading, peeling, and blistering, ensuring your investment retains its luxurious appearance for decades.

WHITE

Pure, minimalist, timeless.

ASH GREY

Contemporary industrial aesthetic.

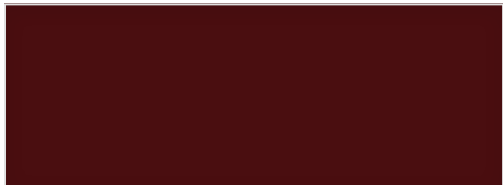

JET BLACK

Bold, striking architectural contrast.

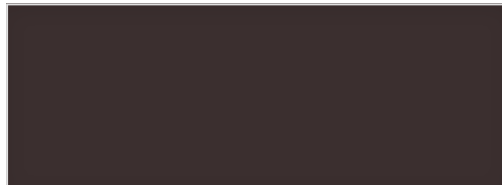

WALNUT

Deep, rich traditional woodgrain.

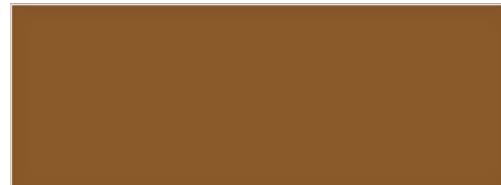

MAHOGANY

Warm, luxurious red-brown tones.

DARK OAK

Elegant, heavily textured finish.

TURNER OAK

Natural, light European timber look.

Engineered Excellence

SCA uPVC products are developed at the intersection of innovative materials science and precision engineering. Discover the definitive performance advantages of our luxury profile systems.

GERMAN ENGINEERING

Designed with meticulous European precision, ensuring maximum durability and flawless mechanical operation.

SOUND INSULATION

Multi-chamber profiles combined with specialized glazing drastically reduce external noise pollution.

THERMAL INSULATION

Exceptional thermal barriers that prevent heat transfer, keeping your home comfortable in any climate.

WEATHER RESISTANT

Engineered to withstand heavy monsoon rains, extreme coastal winds, and intense UV exposure.

LEAD FREE

Manufactured using 100% lead-free compounds, ensuring a safe and non-toxic environment for your family.

100% RECYCLABLE

Fully sustainable profile construction allows the material to be cleanly recycled at the end of its long lifespan.

ENERGY EFFICIENT

Maximizes HVAC efficiency by reducing thermal loss, significantly lowering long-term energy consumption.

ECO FRIENDLY

Designed with an intelligent, futuristic approach to minimize the overall carbon footprint of your property.

Architectural Integration

LUXURY VILLA RENOVATION - SEAMLESS FACADE

BRANDED PREMIUM PROFILE SYSTEMS

ENGINEERED MULTI-CHAMBER UPVC SECTIONS
